**01**

## *Gather*

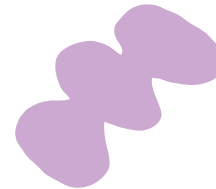

Let the journey begin! You'll be provided with prompts and templates to provide all the information and inspiration needed to bring your stationery to life. I recommend starting this process about 8 weeks before your day.

**02**

## *Create*

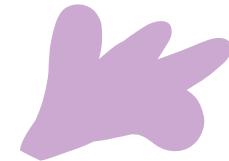

Now the magic begins! I'll dive into crafting your personalised design concepts. (The best part: there's no cap on revisions! I'll happily tweak and refine your proofs until every detail is picture-perfect and reflects your unique style.)

**03**

## *Print*

Once you've given the green light on your designs, it's time to bring it to life. Sit back and relax as your designs are sent off to the best in the print business for flawless production.

**04**

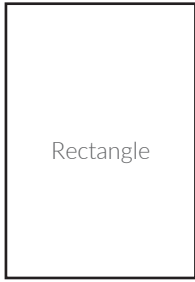

## *Deliver*

The countdown begins! I aim to have all your items delivered to you one week before your day so you have plenty of time to check and admire before taking to your venue.

**Q**

*What if I need my items FAST*

---

**A**

If you're a little behind, rush order options are available for an additional fee, however you may be more limited in options such as shapes or materials used.

**Q**

*Can you help with stand hire?*

---

**A**

Limited stands are available for \$50 hire (plus delivery and pickup fees), or I can refer you to some of my preferred stand suppliers.

**Q**

*What if I'm after an item that isn't listed?*

---

**A**

Then I am so excited to hear your ideas! This document only covers commonly ordered items, but really, the sky is the limit.
